

## Searching for Developing Creative Innovation D-PRC

Looking for your new clients in the industry of international trade and development, Ulrich Kiefer (UK) is flexible in the fields of **South East Asian** (SEA) business development in an AP country, for example in Hong Kong HK SAR / Peoples Republic of China (PR CN).

### ***Why sharing news in the cloud, meeting people in SEA, why CN?***

Especially in the GSR (abbreviated for Greater Shanghai Region) Mr.

UK seized personal suggestions, which has been made to him by Munich-CN network experts in the Free State of Bavaria. As a result, targeting to adopt it at the headquarters (HQs) of a CN holding which was in transformation, UK, always in compliance with German (DE) proprietors, and partnering in collaboration with local organizations in the GSR, let him present data, facts and figures at the first IT trade fair 'CeBIT asia' in Shanghai (SH).

The speech, entitled capacious with '**Controlling in China/HK**' (CoinC), contributed and owed to the high-growth regions in AP, it matched the ideas on reporting capabilities and security matters with patience for clients in golden city business (biz) offices like HK, SH and Singapore.
